### Addendum to the 2020/21 Budget and Council Tax Precept Report

- Differences from and confirmation of assumptions from the original budget report
  - a. Operation Uplift core grant from the Home Office has risen from an anticipated figure in 2020/21 of £1.464m to £5.463m (plus an additional £1.725m of special grant if recruitment targets are reached). Members will have read that Gwent Police's Operation Uplift target for 31st March 2021 is to have recruited 62 Police Officers (Gwent's share of the first tranche of 6,000 Police Officers nationally). Assuming 4,000 Police Officers of the overall 20,000 will be allocated to other agencies, such as the National Crime Agency, only 16,000 Police Officers will be allocated to Territorial Forces. With 6.000 in the first tranche, this leaves 10.000 Police Officers over years 2 and 3 to be recruited up to 31st March 2023. Gwent's share is forecast to be 103 Police Officers of the 10,000, making a total of 165 additional Police Officers in Gwent through Operation Uplift. The assumption in the original budget report, was that the Home Office would only fund the salary and direct employment on-costs (National Insurance and Pension) in 2020/21 of Gwent Police's first 62 Police Officers (referenced as £1.464m in Appendix 4 in the original budget report) and that the funding for the consequential costs of recruiting additional Police Officers (such as Investment in the Estate, Fleet, ICT, training, equipment and Police Staff to support them), would potentially flow through as Government funding in later financial years, as recruitment targets were reached. However, within the Final Police Settlement, the Home Office elected to fund not only the salary and direct employment on-costs of the 62 Police Officers, but also the entire consequential costs of the full target of 165 Police Officers. This approach acknowledges the algorificant upfront investment required in Forces to ensure that these additional Police Officers become effective as soon as possible. Detailed analysis and dialogue with the Home Office, has confirmed that the funding which will be received in 2020/21 matches, the anticipated direct and consequential costs of this significant recruitment exercise. Therefore, over the medium term. Operation Uplift is cost neutral as this funding is fully utilised and not available to offset existing pressures and financial deficits with the Force. Hence, this accelerated funding has no impact upon the 2020/21 proposed Council Tax Precept
  - b. However, as some of the Operation Uplift funding from the Home Office has been received as a revenue stream, it must still be targeted toward capital investment (such as the Estate and Fleet). Therefore, this funding provides an additional 'Revenue Contribution to Capital'

- and will reduce the Commissioner's external borrowing requirement from 2021/22 and beyond. The financing costs of this reduced borrowing need does marginally affect the revised MTFP, but not until the 2021/22 financial year. As such, this will be addressed in the next budget setting round and subsequent Council Tax Precept proposals;
- c. A word of caution however, with Brexit uncertainty remaining, coupled with the CSR 2020 and the potential impact of the Funding Formula Review, only time will tell whether Operation Uplift will truly be cost neutral to Forces:
- d. As anticipated in the Commissioner's budget report, the Police
  Transformation Fund has come to an end and therefore the
  continuation of any existing programmes will have to be funded locally.
  This 'pressure' has already been accounted for:
- Reallocations from local Commissioner's budgets (Topsiloss) have gone up by £91m, signifying the increasing costs of major national ICT Programmes, which are ultimately paid for from reallocations from Commissioner's local budgets:
- f. Pension grant has remained, but only as 'flat cash' this therefore confirms a shortfall for 2020/21 of £1.098m which, consistent with last financial year, will be largely funded from Reserves and Committed Funds and not Council Tax Precept:
- g. Aside from the accounting treatment of the Operation Uplift funding, the next most significant change from the assumptions in the original budget report was that Home Office Capital Grant has been reduced by nearly 75%, rather than remaining at flat cash. The impact reduces the Commissioner's allocation down from £459k in 2019/20 to £120k in 2020/21. For context, this equates to only 10% of next year's Fleet replacement programme; leaving therefore, the majority of Fleet replacement and the entire Estate and ICT programmes to be funded from revenue contributions; Reserves and Committed Funds; or External Borrowing:
- h. English Commissioners have been granted precept flexibility of £10 p.a. You will note that the Commissioner's proposed Council Tax Precept increase for 2020/21 amounts to an extra £17.86 p.a., a difference of £7.86 from English counterparts. However, Members will recall that last year, the Commissioner was one of only three Commissioners nationally, who did not take 'advantage' of the 2019/20 additional Council Tax Precept flexibility of £24 p.a. opting instead for an increase of only £16.69 (a difference of £7.31 from the £24). The Commissioner's approach to a more stable, long term methodology to Council Tax Precept increases, avoids 'roller coaster' increases each year and reflects a figure based on a 'bottom-up' budgeting basis, balancing the needs of policing against the affordability to local residents; and

- i. Ministry of Justice (MoJ) funding of £691k will be received in 2020/21, a small inflationary increase on the amount expected.
- 2. Outstanding issues and risks, which remain unclear at this time and therefore aubiect to further dialogue:
  - a. The impact of changes that the Home Office wish to make to the Funding Formula, used to allocate government funding to Individual forces. This could see, in addition to only cost neutral Police Settlements moving forward, a £6m reduction in Government Grant into Gwent from 2022/23 onwards – this will be effected by a reduction of £2m per year for three years:
  - b. The process to access specific funding 'promises' in the September 2019 Spending Review announcements, such as the £30m to safeguard children from sexual exploitation and abuse; and
  - c. The additional specific funding to continue:
    - The Serious and Organised Crime (SOC) work in Newport, to provide early intervention and prevention; community resilience; and strategic communications;
    - II. The Early intervention Youth fund project to tackle (along with third sector partners) the threat of serious violence to young people;
    - III. Welsh Government funding for the Ali Wales Schools Liaison Core Programme (AWSLCP); and
    - iv. Home Office and /or Weish Government funding to address the disparity with English counterparts on the application of the Apprenticeship Levy.

## Police and Crime Commissioner for Gwent / Heddiu Gwent Police Medium Term Financial Projections 2020/21 to 2024/25 impact of incremental Council Tax Precept Changes At 31st January 2020
