

Performance Report

New Pathways 18-19

Reporting Period	
Agency	

1. Service Overview

Please provide a description of the service(s) you deliver including who they are for and any restrictions to who can access the services.

2. Service delivery improvements and developments

Please describe any work you have undertaken this reporting period to ensure that people know about the services you offer and anything you have done in order to improve the services you deliver. This can include staff training. Please explain your rationale and evidence for this being effective.

3. Risks, challenges and barriers

Please provide any detail you feel relevant. Where appropriate please include what has been done to mitigate, manage and improve any risks, challenges or barriers.

Budget Breakdown

Service Title (i.e. ISVA)	Role and Amount of service (i.e. 1X ISVA Full time 35 hours)	Amount (£) (18,900)

--

Number of cases closed during this period in which this need was identified was a concern for the victim

--

Outcome Indicators

% of clients who felt the housing support provided with them helped with their housing issues

--

Please feel free to include here any comments you would like to make regarding this outcomes data.

--

9d. FAMILY FRIENDS & CHILDREN

Number of cases assessed in this period, where support in relation to this need was identified as required.

Number of cases closed during this period in which this need was identified was a concern for the victim

Outcome Indicators

% of people who feel more positive and confident in relation to family and/ or friends

Please feel free to include here any comments you would like to make regarding this outcomes data.

9e. EDUCATION SKILLS AND EMPLOYMENT

Number of cases assessed in this period, where support in relation to this need was identified as required.

Number of cases closed during this period in which this need was identified was a concern for the victim

Outcome Indicators

% of people who feel more confident to continue or return to employment , education or training

Please feel free to include here any comments you would like to make regarding this outcomes data.

9f. DRUGS AND ALCOHOL

Number of cases assessed in this period, where support in relation to this need was identified as required.

NA

Number of cases closed during this period in which this need was identified was a concern for the victim

NA

Outcome Indicators

% of clients who reported increased control / healthier relationship with drugs and alcohol.

% of clients engaged with substance misuse services

Please feel free to include here any comments you would like to make regarding this outcomes data.

9g. FINANCE AND BENEFITS

Number of cases assessed in this period, where support in relation to this need was identified as required.	NA
---	----

Number of cases closed during this period in which this need was identified was a concern for the victim	NA
--	----

Outcome Indicators

% clients who feel they have received the appropriate support to deal with financial issues	
---	--

Please feel free to include here any comments you would like to make regarding this outcomes data.

9h. SOCIAL INTERACTION

Number of cases assessed in this period, where support in relation to this need was identified as required.

NA

Number of cases closed during this period in which this need was identified was a concern for the victim

NA

Outcome Indicators

% of clients feeling safer in their community

% of clients feeling less isolated

Please feel free to include here any comments you would like to make regarding this outcomes data.

9i. IMMIGRATION AND RESIDENCY

Number of cases assessed in this period, where support in relation to this need was identified as required.	NA
---	----

Number of cases closed during this period in which this need was identified was a concern for the victim	NA
--	----

Outcome Indicators

% of clients reporting feeling more stable and secure in relation to their immigration	
--	--

Please feel free to include here any comments you would like to make regarding this outcomes data.

10. COUNSELLING: NEEDS OUTCOMES & OUTCOME INDICATORS

10a. PHYSICAL AND MENTAL HEALTH

Number of cases assessed in this period, where support in relation to this need was identified as required.	
---	--

Number of cases closed during this period in which this need was identified was a concern for the victim	
--	--

Outcome Indicators

% of clients report increased confidence to access health care	
--	--

% of clients reporting improved emotional or physical wellbeing	
---	--

Please feel free to include here any comments you would like to make regarding this outcomes data.

10b.

OUTLOOK AND ATTITUDE

Number of cases assessed in this period, where support in relation to this need was identified as required.

Number of cases closed during this period in which this need was identified was a concern for the victim

Outcome Indicators

% of clients with improved confidence and self-esteem

% of clients with improved positive coping strategies

Please feel free to include here any comments you would like to make regarding this outcomes data.

10c. SHELTER AND ACCOMODATION

Number of cases assessed in this period, where support in relation to this need was identified as required.

Number of cases closed during this period in which this need was identified was a concern for the victim

Outcome Indicators

% of clients who feel safer at home

Please feel free to include here any comments you would like to make regarding this outcomes data.

10d. FAMILY FRIENDS & CHILDREN

Number of cases assessed in this period, where support in relation to this need was identified as required.

Number of cases closed during this period in which this need was identified was a concern for the victim

Outcome Indicators

% of people who feel more positive and confident in relation to family and/ or friends

Please feel free to include here any comments you would like to make regarding this outcomes data.

10e.

EDUCATION SKILLS AND EMPLOYMENT

Number of cases assessed in this period, where support in relation to this need was identified as required.

Number of cases closed during this period in which this need was identified was a concern for the victim

Outcome Indicators

% of people who feel more confident to continue or return to employment , education or training

Please feel free to include here any comments you would like to make regarding this outcomes data.

10f. DRUGS AND ALCOHOL

Number of cases assessed in this period, where support in relation to this need was identified as required.	NA
---	----

Number of cases closed during this period in which this need was identified was a concern for the victim	NA
--	----

Outcome Indicators

% of clients who reported increased control / healthier relationship with drugs and alcohol.	
--	--

% of clients feeling able to tackle substance misuse issues	
---	--

Please feel free to include here any comments you would like to make regarding this outcomes data.

10g. FINANCE AND BENEFITS

Number of cases assessed in this period, where support in relation to this need was identified as required.

NA

Number of cases closed during this period in which this need was identified was a concern for the victim

NA

Outcome Indicators

% clients who feel have been able to access support to deal with financial issues

Please feel free to include here any comments you would like to make regarding this outcomes data.

10h. SOCIAL INTERACTION

Number of cases assessed in this period, where support in relation to this need was identified as required.	NA
---	----

Number of cases closed during this period in which this need was identified was a concern for the victim	NA
--	----

Outcome Indicators

% of clients feeling safer in their community	
---	--

% of clients feeling less isolated	
------------------------------------	--

Please feel free to include here any comments you would like to make regarding this outcomes data.

10I. IDENTITY	
Number of cases assessed in this period, where support in relation to this need was identified as required.	
Number of cases closed during this period in which this need was identified was a concern for the victim	
Outcome Indicators	
% of clients reporting feeling more empowered and confident in relation to their identity	
Please feel free to include here any comments you would like to make regarding this outcomes data.	

11. Summary

Please include a narrative on the overall report from this period. This should include any case study or anecdotal evidence.
