

PCC's Commissioning Intentions 2022/23

Commissioning Budget

In 2022/23 the PCC's Commissioning Budget for commissioning services is £6.957m, this is made up of the following income streams:

- Commissioner's Core budget;
- Ministry of Justice (MoJ) Victims' Services Core Grant;
- MoJ Specific Grant;
- Partners' Contributions;
- Home Office Grant;
- Welsh Government Grant;
- Proceeds of Crime monies; and
- Commissioner's Reserves and Committed Funds.

Commissioning Intentions

The PCC has established two annual competitive grant funds which are open to receive bids. Each has its own criteria and eligibility requirements, and both are intended to support delivery of the Police and Crime Plan priorities and can be utilised to fund desired requirements by encouraging suitable organisations to apply. These Competitive Grant Fund will continue for 2022/23, they are:

[Positive Impact Fund](#)

[Police Community Fund](#)

The PCC also contributes annually to the High Sheriff's Grant Fund which compliments the OPCC Funds and contributes to the PCC's priorities. The award and management of these grants are made by the High Sheriff, the PCC is not involved in decision making.

The PCC may establish further grant funds as and when additional income is received and where a competitive grant fund has been selected as the most appropriate funding mechanism. All open, competitive grant funds are published on our website and promoted across the sector.

Commissioning of services for each of the other funds and budgets is determined by a range of factors including current stage of commissioning cycle, the local landscape and partnerships, funding mechanism and terms and conditions of agreement. Services are secured following a grant or procurement process to secure the requirement or grant funding can be strategically allocated to partners using a prescribed formula in order to support delivery of shared priorities.

Ad-hoc, unsolicited funding requests which are received outside of the funding streams documented and advertised will not be accepted by the OPCC. However, details of a request will be reviewed, and where the work is of interest and in line with the Commissioner's priorities, we contact the applicant to find out more and explore potential options for supporting.

The below table details the 2022/23 budget allocation for commissioned services which are directly in the control of the OPCC for commissioning purposes; and also the total budget of commissioned services, inclusive of funds not under the direct control of the OPCC e.g. partnership income or directly awarded grants to service providers:

Primary Priority	Thematic budget areas / ringfenced funds	Commissioning Intention	Commissioning Approach	Commissioning Activity for 22-23	Budget allocation 2022/23 (£)
Keep Neighbourhoods Safe.	Diversory Services.	To provide a comprehensive approach to diversion including the assessment and triage service, as well as support services to reduce reoffending	Jointly commissioned with South Wales PCC, Welsh Government and HMPSS, with Gwent OPCC as the procurement lead.	The current contract has been extended to run from 1 st Oct 2021 to 31 st September 2023. An evaluation of the service took place in	£320,554 of Commissioner's direct funding. £1,415,054 Commissioned service total.

Primary Priority	Thematic budget areas / ringfenced funds	Commissioning Intention	Commissioning Approach	Commissioning Activity for 22-23	Budget allocation 2022/23 (£)
		for women and young adults aged 18-25.	A two-year contract was awarded in October 2019 to F4 a consortium of agencies - G4S, Safer Wales, include and Llamau. The contract is reviewed annually.	2020/21, and is due to be concluded early 2022. An Out of Court Disposal (OoCD) pilot began in April 2021 for 18 months. Ongoing monitoring of current contract.	
Support Victims and Protect the Vulnerable.	Substance misuse Services.	To provide a wide support for those in the criminal justice system to address their substance misuse with the intention of reducing reoffending.	The service was commissioned by the Gwent Substance Misuse Area Planning Board in 2014. The OPCC is a member of the partnership. The service is delivered by a consortium, with the criminal justice element being delivered by G4S.	Work has continued during 21/22 to re-commission a CJ substance misuse service for Apr 22 to March 2023. Ongoing monitoring of current contract.	£867,279 of Commissioner's direct funding. £1,454,366 Commissioned service total.
Combat Serious Crime.	Serious Violence and	To pilot interventions which protect children and young people	The services were commissioned via a grant process in	The interventions have been extended to be delivered in 2022/23, there	£164,645 of Commissioner's direct funding.

Also providing awareness of the service to targeted demographic and organisations, plus providing mental health and wellbeing support to staff at Connect Gwent.	Victim Support Services Grant.	Grant.	1st April 2021	31st March 2023	£24,500

Police Community Fund

£300,000 annually is apportioned to the PCC Police Community Fund where applicants are invited to apply for funding between 10k to 50k for between 1 to 3 years per year.

This Fund aims to enable children and young people in Gwent to be safe, healthy and happy, building a better future for themselves and their community by tackling community-based issues in a lasting and impactful way. Building a positive relationship between children and young people and the police, based on mutual respect, is essential. Through focusing on early intervention and prevention the Fund will support children and young people who are vulnerable or at-risk to move forward with their lives and realise their full potential, establishing resilient, safer and more inclusive communities.

Neighbourhood Policing Teams are well placed to know the needs of the local community so are fundamental in working with local organisations to support and help solve identified issues. Local Inspectors, together with Gwent Police representatives, will facilitate and enable the generation of project ideas from within their respective communities that target children and young people who are at risk of entering or already in the criminal justice system or have been victims of crime.

They will take account of areas of deprivation, greatest need and demand on policing to encourage evidence based, targeted projects that complement and enhance the police's work and achieve positive outcomes for children, young people and the community.

The Fund will support not-for-profit organisations seeking to deliver projects and services working with children, young people or vulnerable adults under the age of 25 who live in the Gwent Police Force area. The Fund will focus on projects supporting children and young people who

- are at risk of entering or are involved in the criminal justice system, or
- have become victims of crime.

The 22/23 fund was launched in the summer of 2021. Applicants were invited to submit Pre-Qualification Questionnaires that were reviewed by the OPCC and local Inspectors. Overall, 19 PQQs were received. Of those 19, 10 were deemed to fit the remit of the fund and invited to formally apply for funding. All 10 applied and subsequent due diligence enquiries, OPCC reviews, Gwent Police reviews (e.g. via Serious Violent Crime / Custody etc where appropriate depending on bids) and local Inspector reviews then took place. The bids were then all submitted to the LPA Chief Inspectors for recommendation on whether they should proceed to the Funding Panel or be declined based on local policing need. All 10 passed the process and were reviewed by the Funding Panel on 14th February 2022.

The 10 applications totalled **£315,540.45**. However, there were already x6 applications that have funding ringfenced for year 2 or year 3 delivery based on previous funding rounds, those six projects totalled **£189,383.63**. This meant that out of the £300,000 budget available only **£110,616.37** was available to be awarded.

Following the Panel review only 5 of the 10 bids were recommended for funding, these totalled out at **£85,109.90** bringing the overall 22/23 funding allocation to a grand total of **£274,493.53**. The PCC Decision Panel will take place in early March 2022 to formally sign off agreement of the recommendations made. Once this has occurred all applicants will be notified of the outcome – grant agreements to those successful / decline letters with rationale to those unsuccessful.

Positive Impact Funds

Of the **£30,000** set aside for the three Positive Impact Funds, no allocations have been made for the 2022/23 financial year at this stage.
