

**JOINT
ANNUAL GOVERNANCE STATEMENT
2019/2010**

**THE POLICE AND CRIME COMMISSIONER FOR GWENT
AND
THE CHIEF CONSTABLE OF GWENT POLICE**

INTRODUCTION AND SCOPE OF RESPONSIBILITIES

The purpose of this Annual Governance Statement is to explain how the Police and Crime Commissioner (Commissioner) and the Chief Constable of Gwent have complied with their joint Manual of Corporate Governance and to identify any significant governance issues facing the force.

The Commissioner and Chief Constable's governance arrangements are designed to ensure appropriate accountability and to assist effective leadership. The Police Reform and Social Responsibility Act 2011 created two separate "corporations sole" within each police force: the Commissioner and the Chief Constable. They each have clear and separate roles and responsibilities set out in statute.

The core statutory functions of the Commissioner are to secure the maintenance of the police force, ensure that the force is efficient and effective, and hold the Chief Constable to account for the exercise of his functions and the functions of persons under his direction and control. The Commissioner also has:

- responsibility for the delivery of community safety and crime reduction,
- the ability to make crime and disorder reduction grants within the force area
- a duty to ensure that all collaboration agreements with other Commissioners and forces deliver better value for money or enhance the effectiveness of policing capabilities and resilience, and
- a wider responsibility for the enhancement of the delivery of criminal justice locally.

Overarching these functions is a responsibility for ensuring business is conducted in accordance with the law and proper standards, that public money is safeguarded and properly accounted for, and that it is used economically, efficiently and effectively.

The operational independence of the Chief Constable is protected in legislation. He has a statutory responsibility for the control,

direction and delivery of operational policing services provided by the Force. The Chief Constable is responsible for ensuring that police powers are exercised in accordance with the law and proper standards and is accountable to the Commissioner for the delivery of efficient and effective policing, management of resources and expenditure by the police force.

In discharging their overall responsibility, the Commissioner and Chief Constable are also responsible for putting in place proper arrangements for the governance of affairs and facilitating the exercise of their functions, which includes ensuring a sound system of internal control is maintained throughout the year and that arrangements are in place for the management of risk.

The financial management arrangements conform principally with the governance requirements of the CIPFA *Statement on the Role of the Chief Financial Officer of the Police and Crime Commissioner and Chief Financial Officer of the Chief Constable* and the Home Office *Financial Management Code of Practice for the Police Service of England and Wales (new version issued in July 2018)*. Revised guidance for 'Delivering Good Governance' for Policing Bodies was also published by CIPFA in July 2016 and these have been taken into account both in reviewing our governance arrangements and in preparing this Annual Governance Statement.

This Statement meets the requirements of the Accounts and Audit (Wales) Regulations 2014 in relation to the publication of a Joint Annual Governance Statement which must accompany the Statement of Accounts.

This is the second time that the Commissioner and Chief Constable have jointly produced a single Annual Governance Statement. Much of the governance framework is shared but this Statement highlights the few areas where governance arrangements differ.

AIM OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems, processes, culture and values that the Commissioner and Chief Constable use to direct and control their activities, and to engage with and be accountable to the community. The framework enables them to influence and monitor the achievement of strategic Policing and Crime Reduction objectives and to consider whether those objectives have delivered the Police and Crime Plan in an efficient and effective manner.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable and foreseeable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives; it can only provide reasonable and not absolute assurance of effectiveness.

The system of internal control is based on an on-going process designed to:

- identify and prioritise the risks to the achievement of policies, aims and objectives;
- evaluate the likelihood of those risks being realised and the impact should they be realised; and
- manage risks effectively, efficiently and economically.

The findings of the review of the system of internal control are reviewed by the Commissioner and the Chief Constable and independently reviewed by the Joint Audit Committee.

The Commissioner and the Chief Constable will formally approve any changes to the Manual of Corporate Governance and framework on an annual basis as part of the governance review.

PRINCIPLES OF GOOD GOVERNANCE

The Policing Protocol Order 2011 requires the Commissioner and the Chief Constable to adopt and abide by the Nolan Principles for conduct in public life. It also highlights the expectation that the relationship between all parties will be based upon the principles of goodwill, professionalism, openness and trust.

This is reflected in the Principles of Relationship document agreed by the Commissioner and the Chief Constable which forms part of their Manual of Corporate Governance.

The Manual is also consistent with the seven core principles of good governance set out in the International Framework for Good Governance in the Public Sector¹: -

1. *Behave with integrity, demonstrating strong commitment to ethical values and respecting the rule of law*
2. *Ensure openness and comprehensive stakeholder engagement*
3. *Define outcomes in terms of sustainable economic, social and environmental benefits*
4. *Determine the interventions necessary to optimise the achievement of the intended outcomes*
5. *Develop the entity's capacity, including the capability of its leadership and the individuals within it*
6. *Manage risks and performance through robust internal control and strong public financial management*
7. *Implement good practices in transparency, reporting and audit to deliver effective accountability*

The Code of Ethics issued by the College of Policing introduced two additional principles to the seven Nolan principles: Fairness and Respect (see the 'extended' NOLAN principles as set out below).

¹ International Framework: Good Governance in the Public Sector (CIPFA/IFAC 2014)

The Nolan Principles refer to Leadership in terms of promoting and supporting the principles of Conduct in Public Life but the Commissioner and the Chief Constable are explicitly committed to providing a robust, timely and caring response to events that affect the public and our communities. This is reflected in a clear statement in the Police and Crime Plan for 2017 - 2021 "Delivering a Safer Gwent", the priority given to preventing harm and protecting victims (particularly vulnerable people), to addressing the threats to community safety and to working with local partner agencies in the public interest.

Selflessness: Decisions will be taken solely in terms of the public interest, and not for personal financial or other gain, whether for such person, their family or their friends.

Integrity: The Commissioner, the Chief Constable, their officers and staff will not place themselves under any financial or other obligation to outside individuals or organisations that may seek to influence them in the performance of their official duties.

Objectivity: In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, the Commissioner, the Chief Constable, their officers and staff will make choices on merit.

Accountability: The Commissioner, the Chief Constable, their officers and staff will be accountable for their decisions and actions to the public and will submit themselves to whatever scrutiny is appropriate.

Openness: The Commissioner, the Chief Constable, their officers and staff will be as open as possible about all decisions and action they take. Reasons for decisions will be made available and information will be restricted only when so required by the wider public interest.

Honesty: The Commissioner, the Chief Constable, their officers and staff will have a duty to declare any private interests relating to public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

Leadership: The Commissioner, the Chief Constable, their officers and staff will promote and

support these principles through leadership and by example.

Fairness: The Commissioner, Chief Constable, their officers and staff will act with fairness and impartiality.

Respect: The Commissioner, Chief Constable, their officers and staff will act with self-control and tolerance, treating members of the public and colleagues with respect and courtesy.

The table at Appendix 1 illustrates how these Standards have been applied in the work of the Commissioner and the Chief Constable during the 2018/19 financial year, as well as identifying measures that will be undertaken in 2019/20.

GOVERNANCE ARRANGEMENTS

This governance framework aims to provide a strong focus on the drivers for policing within Gwent Police, and to ensure that there is a clear 'line of sight' between decisions taken and the Police and Crime Plan. The key elements of the framework are:

Manual of Corporate Governance: The Commissioner and the Chief Constable have in place a joint Manual of Corporate Governance (the 'Manual'). This Manual includes a scheme of delegation, financial regulations, the Principles of Relationships and standing orders relating to contracts. It also includes a decision making framework which ensures that, where possible, all the Commissioner's decisions are published and available for public scrutiny.

Principles of Relationships: This document recognises the Chief Constable's operational responsibilities, within the policy and accountability framework set by the Commissioner. The Principles enable the Commissioner to pursue his policy intentions that are reflected in operational plans for the force and the accountability of the Chief Constable for their delivery. Notwithstanding their formal 'corporations sole' status, the relationship between the Commissioner and the Chief Constable is based on working together for the benefit of the people of Gwent under the joint banner of 'Gwent Police'.

The Principles also specify that the relationship between the Commissioner and Chief Constable will be built on trust, confidence and transparency. The governance arrangements adopted are consistent with the need to ensure accountability both between the parties and also accountability to the public. A transparent and auditable approach has been adopted which remained valid in 2018/19.

Governance Framework:

As reported in the 2017/18 Annual Governance Statement, a review was undertaken in 2018 and this concluded that

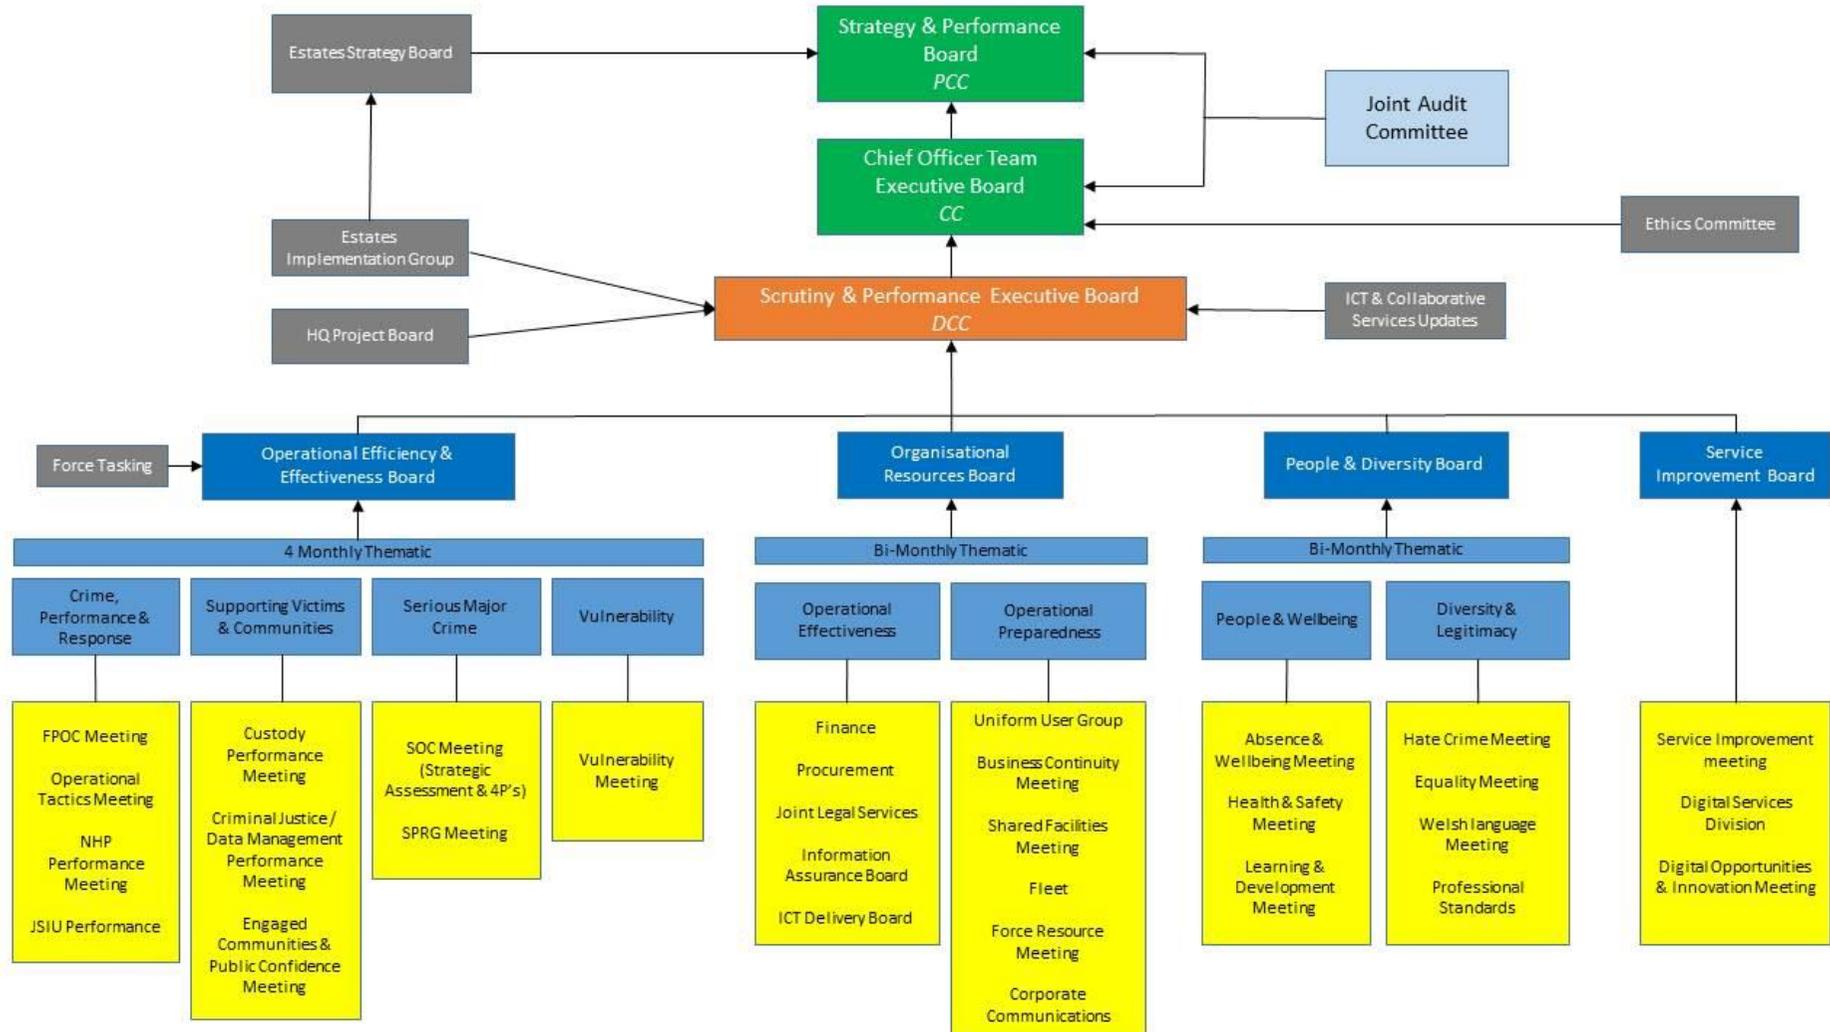

the principles of collaboration (as set out in the Principles and in the Manual) would be best reflected through the establishment of a new meeting and reporting structure for the Chief Constable aligned to the delivery of the Police and Crime Plan, addressing both performance and delivery issues.

The Scrutiny and Performance Executive Board (chaired by the Deputy Chief Constable) feeds into the monthly Chief Officer Executive Board meeting and ultimately into the quarterly Strategy and Performance Board.

In addition, issues from the Joint Strategic Planning Group continue to be reported to both Chief Officer Executive Board and to the Commissioner's Strategy and Performance Board. These two Boards will also collate recommendations from other internal meetings such as the Joint Audit Committee, Independent Ethics Committee and Estate Strategy Board.

This governance meeting structure has been further reviewed in 2018/19 to make some minor changes to the same and the diagram below sets out the revised meeting structure within the Force: [NEED TO INCLUDE STRATEGIC PLANNING GROUP]

REVIEW OF EFFECTIVENESS

The Commissioner and Chief Constable have responsibility for conducting, at least annually, a review of the effectiveness of their governance framework including the system of internal control. The review of effectiveness is informed by:

- the work of Chief Officers and senior managers who have responsibility for the development and maintenance of the governance environment;
- the Internal Audit annual report;
- the annual report of the Joint Audit Committee;
- the view of the external auditor through the annual audit letter; and
- reports from other review inspectorates.

There are, accordingly, three principal lines of assurance methodology:

It is important to note that this Joint Annual Governance Statement and the work undertaken in its preparation is a tool in the self-evaluation by the Commissioner and the Chief Constable of their governance arrangements.

The Annual Governance Statement is submitted for consideration to the Joint Strategic Planning Group and the Joint Audit Committee before being approved at the Commissioner's Strategy and Performance Board. The Wales Audit Office (WAO) also review the Annual Governance Statement during its development and reports (by exception, if the Annual Governance Statement does not comply with requirements), as part of their Annual Audit Letter.

The roles of the various bodies are detailed below:

Joint Audit Committee

In conjunction with the Chief Constable, the Commissioner established an independent Joint Audit Committee which provides assurance to enhance public trust and confidence in the governance of the Commissioner and the Chief Constable.

This approach is consistent with the Financial Management Code of Practice which states that such a combined body should consider the internal and external audit reports of both the Commissioner and the Chief Constable. The Joint Audit Committee also considers reports from Her Majesty's Inspectorate of Constabulary and Fire & Rescue Services (HMICFRS) in relation to the annual Value for Money Profiles and other relevant reports of a non-operational nature. The Joint Audit Committee advises the Commissioner and the Chief Constable according to good governance principles and provides:

- independent assurance to the Commissioner and the Chief Constable regarding the adequacy of the risk management framework and the associated control environment,
- independent scrutiny of the Chief Constable's and the Commissioner's financial performance,
- oversight in relation to the financial reporting process adopted from Chartered Institute of Public Finance and

Accountancy (CIPFA) Audit Committees
Practical Guidance for Local Authorities.

The Committee provides comments, advice and assurance on matters relating to the internal control environment of the Force and the Office of the Commissioner. It has oversight of general governance matters. The Joint Audit Committee has specific responsibility to provide independent assurance on the arrangements for governance, including risk management and the internal control environment. During 2018/19, the Committee was composed of five individuals appointed by the Commissioner and the Chief Constable to act as independent advisers.

The Joint Audit Committee reports directly to the Commissioner and the Chief Constable. Four formal committee meetings are held each year in addition to an exceptional meeting to consider the Statements of Account and an All-Wales Training Day for Joint Audit Committee members.

The Joint Audit Committee has formal terms of reference, covering its core functions, and these are also set out in the joint Manual of Corporate Governance. These include reference to the Committee's role in respect of the corporate governance arrangements and in maintaining an overview of the regulatory framework. The Commissioner and Chief Constable are both represented at all meetings of the Joint Audit Committee.

The Joint Audit Committee Annual Report for 2018/19 confirmed that the Committee remain satisfied that the Commissioner and the Chief Constable can be assured that the control, risk and governance position for 2018/19 was appropriate.

Independent Ethics Committee:

This was jointly established by the Commissioner and the Chief Constable in April 2015. It is comprised of ten independent members as well as police officers and police staff. The Committee provides advice, support and assistance concerning ethical challenges

arising from operational, administrative or organisational matters facing the Gwent Police Force.

Internal audit

Internal audit perform a range of reviews based on an agreed audit plan and in compliance with Public Sector Internal Audit Standards (PSIAS). The audit plan has regard to risks and recognises that key financial systems and other areas of wider business risk need to be reviewed on a cyclical basis to provide assurance with regard to internal controls and systems for governance. The plan is agreed by the Chief Finance Officers of both corporations sole, and is presented to the Joint Audit Committee for comment.

Regulation 5 of the Accounts and Audit (Wales) Regulations 2014 makes provision in respect of the internal control system that should be maintained in accordance with proper internal audit practices. The responsibility for the maintenance of an efficient internal audit function rests with both corporations sole (the Commissioner and Chief Constable). The role and standards of Internal Audit are defined in the PSIAS. The PSIAS encompasses the definition of Internal Auditing, a Code of Ethics and the International Standards for the Professional Practice of Internal Auditing. Internal Audit is required to provide an assurance opinion on the adequacy and effectiveness of systems of internal control. They also provide assurance in relation to the management of financial and operational business risks, corporate governance and the entire control framework.

The review of both the corporate governance and risk management arrangements (which are captured in the joint Risk Register maintained by the Chief Constable and the Commissioner) periodically feature in the annual audit plan. Corporate governance and risk management issues may also arise through other reviews carried out by Internal Audit. In this case the issues will be dealt with initially in the relevant audit report.

Internal Audit then present their reports on the adequacy of controls in the systems audited to the Joint Audit Committee, setting out any areas of concern.

INTERNAL AUDIT WORK DURING 2018/19

The internal audit work for the last year was risk based and focused on significant financial and operational risks. The incumbent internal audit service for the Commissioner and Chief Constable are TIAA, following their appointment from 1st April 2015.

However, by virtue of the Commissioner and Chief Constable being members of the Shared Resource Services (SRS) for the delivery of Information Communication Technology (ICT) services in collaboration with Torfaen County Borough Council (TCBC), Monmouthshire County Council (MCC), Blaenau Gwent County Borough Council (BGCBC) and Newport City Council (NCC), from May 2016, the TCBC internal audit service was selected to undertake the audit plan for the SRS. This was to ensure that a consistent audit approach was adopted across all constituent SRS partners and therefore TIAA were formally advised that they would no longer be expected to provide assurance to the Joint Audit Committee for the ICT services operated by Gwent Police. Progress on the delivery of the internal audit plan for ICT services is reported to the Joint Audit Committee alongside the audit plan delivered by TIAA. Such assurance will be provided by TCBC internal audit function for which the WAO will refer in considering the control framework for the ICT functions.

During 2018/19 TIAA undertook 24 audits of which xx was assessed as providing substantial assurance, xx with reasonable assurance and xx with limited assurance.

As part of the audit programme, the internal auditors also carried out 2 follow up audits to check progress against all Priority 1 and 2 Recommendations. These reports are discussed at Joint Audit Committee.

TIAA's Annual Opinion was that reasonable and effective risk management, control and governance processes are in place.

During 2018/19 TCBC undertook 9 audits of which the assessment is below.

However, at the time of the Annual Report xx of these internal audit reports awaited final management comment and one remained in draft awaiting feedback and agreement to findings. Due to these delays three audits have delayed into 2019/20. This has been a matter of concern and requires management to address this governance risk and has been reflected in the audit opinion.

TCBC's Annual Opinion was that sufficient internal audit work had been undertaken to allow an opinion to be given as to the adequacy and effectiveness of governance, risk management and control. However, due to the difficulties in the management of the audit process that major improvement was required.

External Audit

The Public Audit (Wales) Act appoints the Auditor General for Wales to audit the financial statements of the Commissioner and the Chief Constable. The Act also requires the Auditor General for Wales to assess whether the Commissioner and the Chief Constable have made proper arrangements for securing economy, efficiency and effectiveness in the use of resources.

The Wales Audit Office (WAO), on behalf of the Auditor General for Wales, audit the financial statements of the Commissioner and Chief Constable, as well as the Group accounts and also report (by exception) on the Joint Annual Governance Statement if it does not comply with requirements.

The WAO in their annual audit report also comment on the financial aspects of corporate governance. This includes the legality of financial transactions, financial standing, systems of internal financial control and the standards of financial conduct, fraud and corruption.

Such external audit plans and reports, including the annual audit letter, are considered by the Joint Audit Committee at appropriate times in its annual cycle of meetings.

Both the Commissioner and the Chief Constable have a duty to respond to reports by the external auditor.

Other Bodies

The Welsh Government, Home Office and a number of other bodies require financial returns to monitor expenditure on revenue and capital. Strict terms and conditions are in place to govern additional external funding received from these bodies.

Her Majesty's Inspectorate of Constabulary and Fire & Rescue Services (HMICFRS/the Inspectorate)

The role of the HMICFRS (which also has Fire Service responsibilities for England only) is to promote the economy, efficiency and effectiveness of policing in England, Wales and Northern Ireland through inspection of police organisations and functions to ensure agreed standards are achieved and maintained; good practice is spread; and performance is improved. The Inspectorate inspects the functions of the Chief Constable, not the Commissioner. It also provides advice and support to the tripartite partners (Home Secretary, Commissioners and Chief Constables).

The Inspectorate is independent of the Commissioner, the Chief Constable and the United Kingdom and Welsh Governments. It's remit is to assess the work of police forces in different areas of business, including neighbourhood policing, serious and organised crime, anti-social behaviour and tackling major threats such as terrorism. The Inspectorate also actively monitors the performance of the Force in relation to their plans for ensuring the sustainability of an efficient and effective police service in light of the significant grant reductions from recent Comprehensive Spending Reviews. To date, reports in this area of inspection have been positive and encouraging. Reports are published on the following website:

<https://www.justiceinspectrates.gov.uk/hmicfrs/>

HMICFRS reports are sent to the Chief Constable and the Commissioner for consideration and appropriate action. HMICFRS plays a key role in informing the Commissioner and the public on the efficiency and effectiveness of their forces and, in so doing, will facilitate the accountability of the Commissioner to the public.

The Commissioner has a duty in law to respond to any HMICFRS report within 56 days of its publication with any response forwarded to the Home Secretary and the HMICFRS. Responses should include an

update on any actions the Force is/is not taking in relation to any recommendations made within the report.

INSPECTION WORK DURING 2018/19

The Inspectorate's reports during 2018/19 supported the monitoring and development of many Force priorities. They also produce a suite of value for money indicators to challenge areas of exceptional spend in comparison with Gwent Police's most similar forces. The results of the benchmarks inform the Force's change programme.

PEEL Assessment by HMICFRS

During 2018/19, HMICFRS published its assessments of police forces which would allow members of the public to see how well its local force is performing. These are known as PEEL assessments (and examine Police Effectiveness, Efficiency and Legitimacy):

- **Effectiveness:** how well the force carries out its responsibilities, including cutting crime, protecting vulnerable people, tackling anti-social behaviour and dealing with emergencies and other calls for service;
- **Efficiency:** how well the force provide value for money; and
- **Legitimacy:** how well the force provides a service that is fair and treats people properly and within the law.

Gwent Police last had a PEEL inspection during the 2017/18 financial year, its next PEEL inspection is scheduled for early on 2019/20 financial year.

The Inspectorate also undertook the following national/thematic reviews in 2018/19:

- **Hate Crime** – Not Graded;
- **Crime Data Integrity** – Requires Improvement;
- **Counter Terrorism (Prevent)** – Not Graded;

- **Child Protection** - tbc

[WILL EXPLAIN IN DETAIL WHAT HAS BEEN DONE TO ADDRESS THE WEAKNESSES IN THE 'REQUIRES IMPROVEMENT'].

HMICFRS also noted the following in relation to the overall performance of Gwent Police in keeping people safe and reducing crime: **PLEASE INSERT**

Police and Crime Panel

The Police and Crime Panel (the Panel) is responsible for overseeing the Commissioner and scrutinising his decisions.

The Panel is not there to scrutinise the performance of the Chief Constable and his force directly – that is the role of the Commissioner.

The Panel is made up of twelve local Councillors, representing the local councils in Gwent, along with two independent members.

The responsibilities and powers of the panel include:

- Making reports and recommendations about actions and/or decisions of the Commissioner;
- Scrutinising the draft Police and Crime Plan;
- Summoning the Commissioner, and his staff, for public questioning;
- Scrutinising and potentially, by two-thirds majority, vetoing the police budget and council tax precept;
- Scrutinising and potentially, by two-thirds majority, vetoing the appointment of the Chief Constable;
- Hold confirmation hearings for the Commissioner's senior staff (including the Deputy Police and Crime Commissioner, the Chief Executive and the Chief Finance Officer);
- Deal with lower level complaints against the Commissioner.

The Panel's agendas and minutes are published on the following website:

<http://www.gwentpcp.org.uk/>

During 2018/19 the work of the Panel included consideration of the following:

- The Police and Crime Plan
- Scrutiny of OPCC evidence for monitoring Force Performance
- Medium Term Financial Projections
- Precept proposal 2019/20
- Strategic Equality Plan
- Implementation of Welsh Language Standards across Gwent Police
- Treasury Management Strategy
- Joint Engagement and Communications Strategy
- Modern Day Slavery and Human Trafficking
- OPCC Activity on delivering the Police and Crime Plan

There were 5 meetings of the Police and Crime Panel in 2018/19

SIGNIFICANT GOVERNANCE ISSUES

The following have been identified as significant governance issues that will need to be managed through 2019/20 (some of which have been carried forward from 2018/19). They are drawn from the ongoing Joint Strategic Risk process (and an assessment of external and internal opportunities and threats):

- **EU Exit:** A direct implication of the European Commission and the UK government failing to reach an exit agreement would mean that there would be no implementation period and UK law enforcement agencies would no longer have access to those European policing tools and measures that are currently used to facilitate the exchange of information and intelligence. This challenge would be in addition to possible operational implications arising from any exit from the European Union.
- **Technology:** There is a continuing financial challenge that impacts on our ability to maintain and improve services. We need to realise the benefits of improved productivity through better use of technology, smarter ways of working and collaboration with partners. Project Fusion (a joint project with South Wales Police) will continue to seek to improve the information technology and communications systems within the Force and this remains key to productivity improvement.

Financial: The Commissioner and Chief Constable will continue to face real term reductions in the core grant from Central Government. The Commissioner and Chief Constable will also need to ensure that they are able to meet the consequences of any future Funding Formula Review, which could have a significant additional impact upon police and crime funding.

- **Partnership initiatives:** This work faces significant challenges as the pressures facing Welsh Local Government may mean

that some partners are reluctant to make long-term commitments. In some cases they may also withdraw from community safety initiatives, adversely impacting upon crime and anti-social behaviour. Governance of our ongoing relationships with our partners to meet the needs of the vulnerable and issues of Child Sexual Exploitation and mental health services remain key, as does our participation on the Public Service Boards and the refreshed Community Safety Boards/Partnerships. It is also noted that the planning requirements upon local authorities will change. The Force will need to further develop partnership working to deliver the Welsh Government view of cohesive communities and to engage with the Welsh Government in the development of their Community Cohesion Plan.

- **Collaboration:** Appropriate governance of an expanding portfolio of collaborations both regionally and nationally will be paramount. This includes the reviews of support functions within the four Welsh forces; regional crime; integrated offender management, and the Police ICT Company. 2018 saw the appointment of an All-Wales Deputy Chief Constable (Collaboration) to take forward this work and 2019/20 will see the Commissioner and Chief Constable facing the continuing challenges associated with the continuing collaboration agenda.
- **Estate:** Development and implementation of the Estate Strategy, which will include the new 'Hub' and 'Spoke' model of operational service delivery and the new Gwent Police Headquarters (in order to meet the changing nature of service delivery; the requirements of condition surveys; and to ensure our properties provide a safe working environment), will face unique governance issues. The work will need to take due account of the Future Generations legislation and support Standard 3 of the International Good Governance Standards;

- **Statement of Accounts:** Early closing of year end accounts for 2019/20: the Commissioner and the Chief Constable will have to prepare their accounts by 31st May 2020.

- **Major Policing Challenges:** It is noted that the removal of the M4 tolls, the M4 Relief Road project and the building of the International Convention Centre at the Celtic Manor Resort will continue to present the Force with a substantial challenge in terms of policing the M4 corridor. This is coupled with the ongoing challenges of policing whilst responding to and supporting critical events on a local and national level and in this respect the work planned for 2019/20 in relation to resource allocation will be key.

Welsh Language: Both the Chief Constable and Commissioner remain committed to attaining the Standards to the fullest extent possible without negatively impacting upon the policing service to our communities.

- **Developing our workforce:** The Force is committed to implementing the College of Policing's five year strategy to "professionalise" policing by 2020. The Policing Education Qualifications Framework (PEQF) is intended to support the development of policing as a profession through the provision of a national approach to raising educational standards in policing. A key issue for 2019/2020 will be the implementation of the new Police Degree Apprenticeship and the force is tendering for such services in conjunction with the other Welsh forces. The above are in addition to the challenges presented by the Force's priorities regarding the development of its leaders and in relation to the wellbeing of staff
- **Agile Working:** There will also be internal governance challenges for the Commissioner and Chief Constable as the Force further rolls out the fixed, flexible

and field principles of working. The challenge will include achieving the change in culture required whilst ensuring that there is no impact upon service delivery/continuity.

- **Pension Regulations:** The Force may need to absorb the consequences of challenges to the Police Regulations (notably in relation to terms and conditions). The Pension Regulator is becoming more active in scrutinising the governance of public sector pension schemes, including the Police Pension Scheme.
- **New Complaints Procedures Arising from the Policing and Crime Act 2017:** The new legislative provisions give the Commissioner greater responsibility and the requirement to play a key part in many aspects of the police complaints and disciplinary system. Implementation has been delayed but it is expected that new procedures will be introduced during 2019/2020 (as the progress of this legislation and the associated guidance has been delayed due to the EU Exit).

These areas continue to be monitored through the existing governance and risk management structures within the Office of the Commissioner and the Force as outlined above, and as set out in Appendix 1 hereto. Where relevant, such issues are also reflected in the plan of future work to be undertaken by Internal Audit. Action plans to deliver these changes and to mitigate any risks are being or have been implemented.

Chief Finance Officer (CC)

CONCLUSION

The Commissioner and Chief Constable are responsible for ensuring that their business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively. In discharging this overall responsibility, they are responsible for putting in place proper arrangements for the governance of their affairs, facilitating the effective exercise of their functions, which includes arrangements for the management of risk.

This Annual Governance Statement is designed to manage rather than eliminate the risk of failure to achieve these objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The Commissioner and Chief Constable propose over the coming year to take steps to address the Governance actions as outlined in Appendix 1 below to ensure governance arrangements within the Commissioner’s Office and Force continue to be enhanced and improved as identified in their review of effectiveness. The monitoring of their implementation and operation will form part of the next annual review.
